Overall performance of student intern (circle one):

(Needs improvement / Satisfactory / Good / Excellent)

Additional comments, if any:

The student demonstrated excellent dedication, technical competence, and professionalism throughout the internship. He successfully contributed to the development of the Smart Ride Sharing System by completing assigned tasks related to frontend development, backend integration, database management, authentication, and testing. The student showed strong problem-solving abilities, eagerness to learn new technologies, and the ability to work independently while maintaining project quality standards. Overall, his performance exceeded expectations and reflected a high level of commitment toward achieving project objectives.

Name / Signature of Industry supervisor: Mr. Darshan Dhapade
